

PBIS TEAM AT MEMORIAL

- Mrs. Atter: Principal
- Mr. Paine: Guidance Counselor
- Mrs. Santimore: School Psychologist
- Mrs. Massey: Speech Language Pathologist
- Mr. McKean: Adjustment Counselor
- Mrs. Fleming: First Grade Teacher
- Ms. Hobbs: ALL Room Teacher
- Mrs. Michel : Assistant Director of Pupil Services
- Mrs. Lashua-Brisbois: Occupational Therapist
- Ms. Sibik : Physical Education Teacher
- Mrs. Boucher: Kindergarten Teacher
- Mrs. Duprey: Second Grade Teacher
- Ms. Sergi: School Nurse
- Mrs. Skawinski: Paraprofessional/Parent Representative
- Mrs. Nardini and Mrs. Slomcheck: Special Education Teachers

PARENTS/GUARDIANS AND PBIS

To be successful, our behavior program needs to be a partnership between home and school. Throughout the school year the PBIS team will send updates and information about PBIS. We invite your comments, concerns and ideas to make PBIS work at our school.

Please support PBIS at Memorial by:

- Reviewing behavior expectations with your child
- Using the four expectations at home
- Providing positive reinforcement (rewarding good choices with compliments or quality time) at home
- Sharing comments with or asking questions of PBIS team members
- Joining our home/school group to learn more about Memorial

Together we can achieve more!

Positive Behavioral Interventions and Supports:

Memorial Elementary School

Where every day begins positively!

WHAT IS PBIS?

Positive Behavioral Interventions and Supports (PBIS) is an approach to teaching and supporting positive behaviors and meeting the needs of ALL students. This school-wide approach to discipline focuses on building a safe and positive environment in which all students can learn.

The foundation of PBIS at Memorial Elementary School is the four building-wide expectations:

- Practice Safety
- Accept Responsibility
- Work Together
- Show Respect

In addition to our behavior expectations, PBIS has four other components: 1) a **behavior matrix** which explains behavior expectations in each school setting; 2) **direct teaching** of the expectations; 3) **PAWs tickets**; and 4) **office discipline referral forms** record and address inappropriate behaviors.

BEHAVIOR MATRIX

The behavior matrix is a detailed description of expected behavior in each setting of the school. For example, in the cafeteria it is respectful to use manners. It is responsible to clean up after yourself. The matrix will be posted in classrooms, around school and sent home.

TEACHING EXPECTATIONS

Throughout the school year, students will be taught how to behave according to the four expectations. Teachers will help students learn what the expectations “look” and “sound” like in every setting during the school day. These lessons will be re-taught and reinforced throughout the school year, and become a regular part of our instructional program.

PAWs Tickets

Acknowledging and reinforcing positive behavior is one of the best ways to change inappropriate behavior and encourage appropriate behavior. At Memorial each student will earn PAWs tickets for meeting behavior expectations. When goals are met, students will enjoy taking trips to the School Store as well as participating in periodic classroom celebrations.

Office Discipline Referral Forms

Even with clear expectations and positive reinforcement, sometimes children will misbehave. To address inappropriate behavior, a ODRF has been implemented. Discipline issues are divided into major and minor infractions. A minor/major description chart is available.

- Major infractions are issues that result in office time. Parents/guardians will always be notified by the principal or teacher about major infractions.
- Minor infractions are behaviors that are disruptive to the learning environment, but are handled by the supervising staff member. If a child receives three minor infractions, it becomes a major infraction and the principal will address the behaviors and parents/guardians will be notified.

When a child repeatedly receives minors or majors, parents/guardians, teachers, support staff and the principal will meet to build an effective behavior intervention plan for that child.
